

Western Coventry Fire District

Address Plate Program - Participation Form

Throughout Coventry there are mailboxes used to identify homes with numbers missing or only visible from one direction. Precious time could be wasted trying to locate a residence with poorly visible house numbers...or no house numbers at all.

Western Coventry Fire District now offers a solution: reflective 6" x 18" aluminum address plate with reflective vinyl numbers which will help us identify your residence promptly in the event you need us. The cost is \$15 and is for the sign itself – we will gladly install it for free if you would like us to do so.

If you are interested in having one of these reflective address plates to identify your residence, mail this completed form along with a check to:
